

PL-MW-380B

Overview

The ProLite Waterproof Beam 380 (PL-MW-380B) is a powerful outdoor moving head beam light designed for professional stage, concert, and event applications. Equipped with a 380W high-output lamp, IP65 waterproof protection, and a narrow 2.8°–4° beam angle, it delivers sharp, intense beams with exceptional clarity. Its wide range of effects—including prisms, gobos, frost, and high-speed strobe—make it a versatile solution for both indoor and large-scale outdoor shows.

Product Specification

Specification	Details
Power Supply	AC100–240V, 50/60Hz
Power Consumption	550W
Feature	IP65 (Outdoor waterproof)
Light Source	380W lamp
Color Temperature	7500K
Beam Angle	2.8°–4°
Focus	Electronic focus
Color System	1 color wheel with 11 colors + open
Static Gobos	1 gobo wheel with 17 gobos + open
Effects	Color macro effect, 8-facet rotating prism, 0–100% frost effect, variable speed strobe
Dimmer	0–100% linear electronic dimmer
Control Modes	DMX512, Automatic, Master/Slave
DMX Channels	16 CH
Signal Connection	3-pin & 5-pin DMX in/out
Display	LCD display
Movement	Pan: 0°–540°, Tilt: 0°–250°

Feature

- Powerful 380W lamp source with 7500K color temperature for bright and clear beams
- IP65-rated waterproof design for reliable outdoor performance
- Narrow beam angle (2.8°–4°) with electronic focus for precision lighting effects
- 11-color wheel + 17 static gobos for dynamic color and pattern combinations
- 8-facet rotating prism & 0–100% frost effect for versatile beam shaping
- Smooth 0–100% linear dimmer with variable speed strobe effect
- Advanced control via DMX512, automatic, and master/slave modes (16 channels)
- Wide movement range with Pan 540° / Tilt 250° and 16-bit resolution
- Durable and compact design (41 × 31 × 68 cm, 34 kg) with LCD display for easy setup

Specification	Details
Resolution	16-bit Pan/Tilt
Dimensions	41 × 31 × 68 cm
Net Weight	34 kg
